## INTERNATIONAL SKATING UNION (ISU)

Some of you may not know that our Federation, ULPV, has had a difficult time recently. In order not to worry you, our members, we decided only to inform you when the situation became clear. Now we are in a position to explain the events of the last two months.

- In October the ISU Council suspended ULPV membership, because of lack of international activity.
- ULPV appealed this decision immediately, based on our participation in international competitions and our future plans.
- ISU allowed our skaters to compete until the next Council meeting on 16-17 December, when ULPV membership would be reviewed.
- ULPV was also requested to submit a report showing participation and performance in 3 recent competitions.
- On 19 December ISU accepted our appeal and reinstated our Federation immediately.

Our membership status should be assured for at least several years, as in January 2014 Max will participate in the European Championships. In future years we expect even more of our competition group to compete at this level.

For more information contact Yvan, Kaj, Simon or Eric.
